Does your child have any allergies: _____
Other information you would like us to be aware of: _____

Liability Waiver

- I give my permission for my child to participate in the Genius Learning Summer Camp program and authorize the program personnel to take full charge in case of an emergency. I agree to assume financial responsibility for all expenses and bills incurred in any emergency requiring medical attention. I will not hold Genius Learning, staff members, or volunteers liable in case of accidents or injuries that may occur in activities sponsored by Genius Learning.
- Photo Release
☐ I agree to allow Genius Learning to take my child's photo and post it on our website.
☐ I do not agree to allow Genius Learning to take my child's photo and post it on the website.

By affixing your name and signature below you agree that you have read and fully understood this Enrollment Policy and will abide by all the terms of this Policy.

Genius Learning Summer Camp 2017

Genius Learning offers educational and exciting summer camp. Students will participate in core academic program in Mandarin Language Arts and Math in the morning while being immersed in unique themes loaded with hands on activities in the afternoon. Here are the highlights of 2017 Summer Camp!

<p>June 19-23 Sick Science</p> <p>Come and get your hands dirty with sick science experiments while learning the concepts of chemistry and states of matter.</p>	<p>Field Trip to Coyote Point Washington Park or Burlingame Library on Thursdays.</p>	<p>June 26-30 Toys & Games</p> <p>Summer is a great time to exercise imagination and build things with our hands. We will learn to collaborate and problem solve in the process of designing toys and games.</p>
<p>June 5-7* Circus! Circus!</p> <p>We will explore the concepts of molecule and polymer, energy and forces through fun experiments to stimulate our imagination and thinking process.</p>	<p>July 10-14 Motions & More</p> <p>We will gain deeper understanding of how things work. We will learn to design and build models to explain how mechanisms work.</p>	<p>July 17-21 Circuit</p> <p>We will learn about the principle of circuit and be challenged to build the models from everyday materials. Yes! It will be challenging.</p>
<p>July 24-28 Young Architect</p> <p>We will build 3-D models of our home, design and build marble and scribbling machines from familiar materials while exploring and fostering engineering spirit.</p>	<p>July 31-August 4 Bubbles & Balloons</p> <p>Summer is an excellent time to play with bubbles and balloons. We will play with bubbles, water balloon piñata, water balloon hunt while at the same time learn about the air pressure, polymers...etc.</p>	<p>August 7-11 Tinkering</p> <p>We will be tinkers and problem solvers. We will work on projects and learn to collaborate, problem solve, and exercise our imagination to kick start our love for science.</p>
<p>August 14-18 Cool Science</p> <p>We will be immersed in fun and challenging projects and gain deeper understanding of how things work. We will learn to design and build models to demonstrate our understanding of physics and more.</p>	<p>Lunch is offered at \$3 per day.</p>	<p>August 21-25 Edible Science</p> <p>Science is everywhere and the best place to learn about science is in the kitchen. This week we will learn the concepts of chemistry and matter while enjoying delicious homemade goodies.</p>

Tuition: \$250/week
